

RECENT CHANGES IN THE LIST OF RESTRICTIONS FOR EMPLOYERS IN MOSCOW

28.01.2021

Dear clients and business partners,

We would like to inform you that [Decree № 5-UM of the Mayor of Moscow as of January 27, 2021](#) (hereinafter - Decree) suspends the obligation of employers which operate in the territory of Moscow, to transfer at least 30% of employees to telecommuting starting from January 27, 2021. Nevertheless, employers are advised to keep in force the measures taken on the transfer of employees to remote mode.

Please note that the requirement for employers of Moscow to transfer all employees over 65 years old, as well as citizens with diseases, the list of which is determined by the Department of Health of Moscow, except for citizens whose presence in the workplace is critical, remains in force.

Also the requirement of submission of data about changes in the composition of workers transferred to a remote mode in electronic form with the use of personal account on the [official site of the Mayor and Government of Moscow](#) according to point 2.4.3. of the Decree is still in force.

We will be happy to answer your questions!
